## PROFESSIONAL SUMMARY

Data Analyst with a sales background and hands-on experience in SQL, Python, Power BI, and Excel. Built a call-time dashboard at Quill that improved individual efficiency by 33%. Portfolio projects span Monte Carlo modeling, CMS healthcare data analysis, and ETL pipelines in Databricks on AWS. Translates business data into KPI reporting that supports performance tracking, sales strategy, and decision-making.

## PROJECTS

**Relocation Feasibility Analysis** 2026
*Python, Polars, HUD Data*
- Built a Python budget model using IRS tax and HUD rent data to evaluate job relocation offers for financial feasibility

**Rent Responsibly** 2026
*Python, SQLite, GeoPandas, RentCast API, Mapbox API, fueleconomy.gov API*
- Upgraded the relocation model with live rental listings and Mapbox commute isochrones to screen housing by feasibility, safety, and DTI

**Monte Carlo Job Offer Comparison** 2026
*Python, NumPy, Matplotlib*
- Developed a Monte Carlo simulation (50,000 trials) to model and compare compensation structures across competing job offers

**Clipboard Health Case Study** 2025
*Python, CMS PBJ Data*
- Analyzed CMS staffing data across 14,000+ nursing homes using Python and ML to identify cost inefficiencies and inform sales strategy

**Google Data Analytics Capstone Case Study** 2025
*RStudio, Divvy/Lyft Trip Data*
- Integrated Divvy ridership and hourly weather data in RStudio to uncover trends and inform membership enrollment strategy

**Customer Call-Time Optimization Dashboard** 2022
*Google Sheets*
- Designed a dynamic operational dashboard monitoring real-time call duration data, boosting team efficiency by 33%

## EXPERIENCE

**Analytics and Development Intern** 11/2024 – Present
*GCA Research & Consulting Services, Inc.* *Remote*
- Support early-stage development of a proprietary health and wellness application in a confidential capacity
- Apply data lake architecture concepts, including how raw application data is ingested, stored, and organized for analysis

**Sales Associate** 08/2023 – 03/2024
*Sleep Number* *Deerfield, IL*
- Sold smart beds and sleep products through consultative, needs-based showroom conversations
- Managed customer follow-ups in Indigo CRM to keep prospects engaged through to purchase
- Tracked sales against shifting KPI targets in Power BI and adjusted daily selling approach

**Inside Sales Representative** 04/2021 – 02/2023
*Quill (Staples Inc.)* *Lincolnshire, IL*
- Ran reactivation calls to customers inactive 4+ months, using coupon offers to win back accounts
- Reviewed Salesforce purchase history before calls to anticipate needs and tailor recommendations
- Sold Quill Plus Blue paid memberships by connecting membership benefits to each customer's ordering patterns

**Marketing Intern** 02/2019 – 05/2019
*Kaplan Law Offices* *Northbrook, IL*
- Wrote client success-story articles for the firm's website, optimizing content with targeted SEO keywords to improve search visibility
- Designed holiday-themed campaign flyers to engage the local community and build low-cost advertising for the firm

**Legal Intern** 05/2018 – 08/2018
*Bikbova Law Offices* *Northbrook, IL*
- Researched and compiled country conditions reports, synthesizing geopolitical and human rights sources into evidence
- Organized key information from legal documents and client interviews into structured case files for attorney review

**Event Setup & Decor Technician** 06/2013 – 09/2020
*Neky Design* *Northbrook, IL*
- Loaded, transported, and installed decor on-site, including pipe-and-drape, LED uplighting, and vinyl dance floors
- Completed setups and teardowns within fixed event and venue time windows
